Circle and Say!

My favorite kind of weather is _____.

Winter

Spring

Summer

Fall

Draw your favorite weather.

In the _____, I like to

_____.

Strong winds can
blow trees
down.

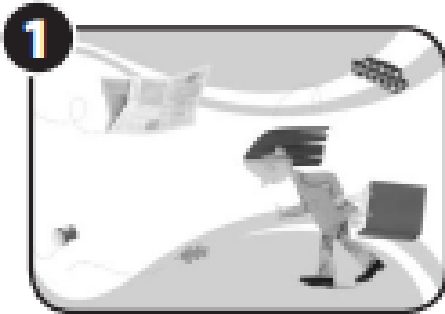

What's wild
about weather?

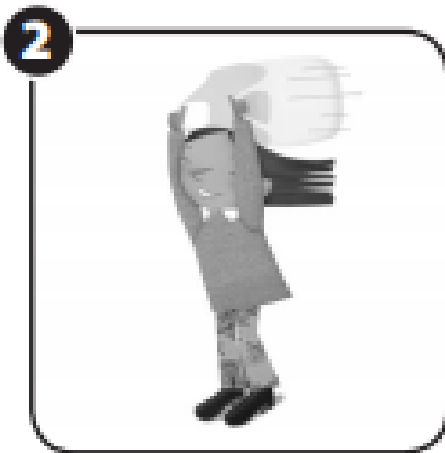

Key Points Reading

I Face the Wind

The wind is very strong. You can't see it but you can feel it. You can see what it does to flags, trees, and other things.

You can catch the air. You can make your own wind, too.

The wind is made of air. The fastest winds are called tornadoes. The softest winds are your breath. Face the wind. Feel it push you.

Key Words

What is the weather?

Weather

The weather is different every **month** of the **year**.

calendar

Talk Together

What is the weather like today? Is it wild?

What do you do in
different kinds of
weather?

Compound Words

Touch your nose with your fingertips.

finger + tips = fingertips ← compound word

Learn the meanings of both words to understand the **compound word**.

- finger** • We have five **fingers** on each hand.
- + tips** • **Tips** mean ends.
- fingertips** • **Fingertips** are the ends of fingers.

Try It Together

Talk about the meaning of each compound word.

Use the two shorter words to help you. Then draw a picture to show the compound word. Label your drawing.

rain	+	coat	=	raincoat
sun	+	glasses	=	sunglasses
snow	+	man	=	snowman
