Business Technology

Corcoran, Henninger, Nottingham, PSLA
CTE Pathway

The Career Field: Success starts with business! As a student in the Business Technology program you will learn all aspects of the business world and the opportunities available in today's competitive job market. The demand for business graduates is always high as business careers rank among the top-paying careers. Companies in every industry are looking for professionals who can organize, plan and manage.

The Program: The Business Technology Program offer students the skills necessary to pursue business or finance degrees in college, learn the fundamentals of running a successful business and develop ready to work practices. Business Technology students will also have opportunities to earn college credit while still in high school, participate in work-based learning experiences and receive industry credentials.
