

HOME ACCESS CENTER

To offer continued support to parents and families, the **Home Access Center (HAC)** was implemented to provide information in an easily understandable and accessible way. It is an important tool designed to help you communicate with your child's teachers while staying informed on up-to-date student information. HAC allows parents to view registration information, student attendance, grades and report cards, discipline history, standardized test score results, and class assignments and schedules.

You can login by simply clicking on the **Parent Home Access Center** link at www.syracusecityschools.com. You will be asked to input the username and password previously provided to you.

If you do not have a username and password, please click the link that says "[here](#)." Using this option will send your login and password information to the email address you have on file.

If you do not currently have an email address on file with eSchool, you must contact the **Home Access Help Desk** at **435-4505** or homeaccess@scsd.us.

Click on "register" and proceed as indicated to view student information.
