Transportation for Medical Reasons

Dear Parent/Guardian:

In order to provide better services to our students, we have included information that will help in completing the application process**.**

Please read the information carefully and note the following:
Medical transportation is for a short time only. **Even if your doctor fills out the form, this does not mean that your child will automatically get transportation. If your child has a condition that requires medical transportation, they may also be restricted from other school activities such as physical education and sports. Should application(s) for medical transportation exceed a six month period, the District will refer the student for evaluation by the Section 504 Committee or the Committee on Special Education, whichever is appropriate.**

Requests for medical transportation will be granted for students who are unable to ride a standard school bus or who are unable to walk the distance between their home and school. Examples of reasons for medical transportation may include the following, **if** they prevent a child from reasonably accessing school:

- A child who uses a wheelchair, crutches, or a walker
- A child who is unable to walk more than 50 feet due to a debilitating cardiopulmonary or neuromuscular condition.
- A child with **severe** asthma, a heart condition, or another medical condition that can cause significant fatigue when walking distances from home to school – These students will need a letter of justification from a pulmonologist, cardiologist or other specialist.
- A child with autism, mental illness, or an intellectual disability who cannot ride a traditional bus safely (temporary transportation provided only until evaluation by the CSE)
- A child on oxygen or a ventilator

A physical exam completed within the last 12 months MUST be submitted with the application or application will not be processed.

For children with **asthma, allergies, or seizures**, doctor's orders for medicines to be given in school and an appropriate action plan must be sent in with the transportation form. Once school starts, your child's medicine **must** be brought to school **by an adult**.

Curb-to-curb will be determined on a case-by-case basis. If your child has curb-to-curb medical transportation, this means that a parent or guardian **MUST MEET** the bus for pick-up in the morning and drop-off in the afternoon/evening.

If the application is approved, transportation may take up to 15 days to begin. If your child qualifies for medical transportation, a letter will be sent home with your child **FROM THE OFFICE OF THE SCHOOL THEY ATTEND**. If they do NOT qualify, you will receive a letter from Health Services.

Please give the completed application form and a copy of your child's current physical examination to your child's school nurse, or send/fax to the address on the bottom of this application. Incomplete applications will be returned and will delay the approval process. Thank you for your assistance regarding this matter.

Sincerely,

Ted J. Triana, D.O., Medical Director
TT/sm

AUTHORIZATION FOR DISCLOSURE OF HEALTH INFORMATION TO SCHOOLS

Please sign this so that we may get health information from your child's doctor.

Student Name: _____DOB: _____ Date: _____

As the parent/guardian of the child named, the completion of this form authorizes your doctor, _____ to disclose your child's confidential health-related information to his or her school.
(Name of Doctor)

The purpose for disclosing this information is to promote the accurate exchange of health information and for the coordination of care and treatment with the child's school. This is important information for many reasons. For example, the school may need to know this information in order to give medications, monitor the child's illness, and keep track of immunizations.

This authorization limits the disclosure of information to the following:

- ☐ Immunization information
- ☐ Physical exam reports
- ☐ Laboratory tests
- ☐ Medications and treatments

This authorization form does not allow the disclosure of confidential health information that is given special protection under the law. This includes HIV-related information, substance abuse information, psychiatric information and genetic information; the disclosure of this information requires a different specific form.

The information will be disclosed to the school in the school district indicated below until you tell us that the child is no longer an enrolled student at the school. You may revoke this authorization at any time by notifying the child's healthcare provider in writing. Revoking this authorization means that we will no longer disclose the child's information to their school. The child's healthcare will not be affected if you do not authorize us to disclose their information to the school. In other words, we will not refuse your child treatment if you do not sign this authorization. The information we disclose to the school may be redisclosed to others by the school if the school is not required under law to protect the confidentiality of this information. Please keep a copy for your records.

Child's Name (print)	Date of Birth
Parent/Guardian's Name (print)	Relationship
Parent/Guardian's Signature	School

Please return to your child's School Nurse OR SCSD Health Services, 725 Harrison St., Syracuse, NY 13210 or fax to 315-435-4859. Incomplete applications will delay the approval process
