

ON THE RISE

SYRACUSE CITY SCHOOL DISTRICT

DEAR SCSD FAMILY,

I am pleased to present you with the 2024-29 Strategic Plan – which includes a goal of continuing our efforts to build a better future for all our students.

We began developing a five-year Strategic Plan in January of 2024 following the launch of our Bridge Plan in the Summer of 2023. Thanks to valuable input from students, teachers, school leaders, parents and guardians, community members, faith-based groups, and local government officials, we have outlined the priorities and goals that are important to all.

We expect this multi-year Strategic Plan will help guide our district and decision-making moving forward, through August 2029. The goals and priorities put forth in this plan should be reviewed as a comprehensive approach rather than a series of isolated goals from any specific department within our district. As such, our plan includes six important priorities.

- **CULTURE** – Establish a culture of learning and high expectations.
- **LITERACY AND NUMERACY** – Increase student proficiency in literacy and numeracy.
- **BELONGING** – Improve belonging for all.
- **ENGAGEMENT** – Engage families and communities.
- **RESOURCE ALLOCATION** – Effectively and efficiently utilize resources.
- **RECRUITMENT** – Recruit highly effective staff to reflect our student population.

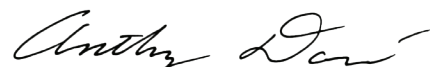

Each of the six priorities outlined in this Strategic Plan includes details about where we are now, annual benchmarks (or a point of reference against which things may be compared or assessed annually), and where we would like to be with each priority in 2029.

We, as a district, will continue to do all we can to place a renewed focus on integrating math and English Language Arts skills into all academic courses at all levels K-12. Last year we began sharing more opportunities for families to bring classroom learning into practice at home. We will also build off the 2023-24 school year as we hosted numerous family-friendly community events that centered around academic skills. Multiple “Everybody Counts” events hosted by our Mathematics Department were heavily supported by our families and we are excited to host more of these events in the future. It is our hope that these initiatives will collectively continue to support all students and help lead them to achieve their best as they prepare for the future.

Planning for the next Strategic Plan is expected to begin during the 2028-29 school year for implementation in September 2029.

Thank you for the valuable role you play in the Syracuse City School District. As always, if you have any questions, concerns, or feedback, please contact us by visiting www.syracusecityschools.com/LetsTalk!

Anthony Q. Davis SUPERINTENDENT

CORE VALUES

Set of beliefs that guide actions, behaviors, and decision making processes of the district.

We Believe...

- The diversity of our students and families is a strength of our district.
- Every student has their own gifts and the ability to achieve at high levels.
- Serving our students is our core work.
- Innovative, collaborative, and accountable adults drive results for children.
- Families and communities are valuable partners in education.
- We must achieve equity, access, and opportunity for all.
- Joyful, safe, and affirming learning environments unlock students' full potential.

Vision: Describes what the district hopes to achieve or be in the future.

Ignite a passion for learning across the SCSD family, inspiring them to make a lasting impact on their communities and beyond.

Mission: Articulates what is unique about who the district is, what the district does, and who the district serves.

We are a community of 80+ languages. We honor the diversity of our staff and students and cultivate their unique gifts by fostering joyful, safe, and inclusive learning and working environments. We hold high expectations for teaching and learning and strive for excellence in all that we do. We achieve this through a dynamic partnership with students, families, communities, and dedicated educators who are committed to academic rigor, equity, access, and innovative educational experiences. We prepare students to graduate and pursue any path they choose.

Portrait of a Graduate: Illustrates the characteristics, traits, and attributes that the community would like their students to have as they enter the world after graduation.

- **Empathetic:** Students see others through a lens of compassion and actively build strong connections through positive interactions.
- **Innovative:** Inspired by their innovative spirit and technological skills, students design solutions to real-world problems.
- **Critical-Thinker:** Students analyze information, question assumptions, and develop well-informed solutions.
- **Collaborative:** Students cultivate their abilities to work as a team, fostering a sense of shared responsibility and collective achievement.
- **Globally-Minded:** Embracing diverse perspectives, students are prepared to contribute to an interconnected world.
- **Resilient:** Students embrace failure as a learning opportunity and remain determined to achieve success regardless of barriers, opposing viewpoints, and potential for setbacks.

Priorities

Culture - Establish a culture of learning and high expectations

Literacy and Numeracy - Increase student proficiency in literacy and numeracy

Belonging - Improve belonging for all

Engagement - Engage families and community

Resource Allocation - Effectively and efficiently utilize resources

Recruitment - Recruit highly effective staff to reflect our student population

Culture - Establish a culture of learning and high expectations

Literacy and Numeracy - Increase student proficiency in literacy and numeracy

Belonging - Improve belonging for all

Engagement - Engage families and community

Resource Allocation - Effectively and efficiently utilize resources

Recruitment - Recruit highly effective staff to reflect our student population

Closing ELA Gaps Decrease the percentage of students performing below grade level (Level 1).	Elementary Fluency Spring 22-23 Gr. 2 DIBELS: 55% of students at Level 1 ELA Proficiency - Grades 3-8 22-23 3-8 ELA Assessment: 56% of students at Level 1 ELA Proficiency - High School 22-23 ELA Regents: 35% of students at Level 1	Elementary 24-25: 50% 25-26: 45% 26-27: 40% 27-28: 35% 28-29: 30%	Grades 3-8 24-25: 51% 25-26: 46% 26-27: 41% 27-28: 36% 28-29: 31%	High School 24-25: 30% 25-26: 25% 26-27: 20% 27-28: 15% 28-29: 10%		

² Grade 2 oral reading fluency is a research-based predictor of future success and therefore is a focus for elementary reading. It does not mean other skills are not important. However, fluency is one of the best predictors of future reading success because other early literacy skills such as letter recognition, phonemic awareness, and concepts about print must be applied to read fluently. All early literacy skills in PreK-1 will continue to be a focus and will be measured for the purpose of this strategic plan via their application in Grade 2 Oral Reading Fluency.
