Commitments		
1	Academic	This school is committed to ensuring that all students, especially our diverse learners, have the critical thinking and reasoning skills they need to excel at school and beyond.
2	Academic	This school is committed to ensuring that all students, especially our diverse learners, have the numeracy and literacy skills to prepare them for any path they choose.
3	Attendance	This school is committed to ensuring all students feel a sense of belonging and attend school daily.
4	Student Supports	This school is committed to aligning and maximizing resources to serve and impact each student’s needs.

School Identified Key Strategies (Maximum of 8)

Directions: Use the school’s needs assessment results to identify two strategies from each drop-down menu that the school will prioritize. Note, this means **a maximum of eight strategies** across the four commitments. Confirm whether the strategy is “new” – “expanded” – “refined.”

	Commitment	Key Strategies	N-E-R
1	This school is committed to ensuring that all students, especially our diverse learners, have the critical thinking and reasoning skills they need to excel at school and beyond.	1	Accountable Talk E
		2	Tier I or Tier II Intervention Practices N
2	This school is committed to ensuring that all students, especially our diverse learners, have the numeracy and literacy skills to prepare them for any path they choose.	1	Effective PLC Implementation E
		2	Effective Unit and Lesson Planning N
3	This school is committed to ensuring all students feel a sense of belonging and attend school daily.	1	Implementing an Effective Attendance Team E
		2	School-wide Classroom Daily Attendance Taking Protocol E
4	This school is committed to aligning and maximizing resources to serve and impact each student’s needs.	1	Staff to Student Check-ins N
		2	Student Voice – school customized N

Academic Commitment #1: This school is committed to ensuring that all students, especially our diverse learners, have the critical thinking and reasoning skills they need to excel at school and beyond.

Key Strategy 1: Accountable Talk	School Lead: E. Daniels
---	--------------------------------

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
Based on a district-wide assessment, *Accountable Talk* was identified as a district priority. Therefore, all schools are expected to implement this strategy.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
Last year our school was inconsistent in our offering of resources and professional learning around accountable talk. Delaware will consistently collaborate throughout grade levels to provide resources & training through our professional learning time to strengthen accountable talk strategies implementation in all classrooms.

IMPLEMENTATION PLAN (AUGUST – OCTOBER)

Timeline	Essential Action Steps (Begin with a verb)	Person(s) Responsible	Resource Alignment (PD, People, Time, Budget, etc.)	P
Sep 13 th	Collect baseline accountable talk data during schoolwide walkthroughs.	Porcello (Instructional Coach)	Impact coach walk through tool (L. Lefever)	E

Academic Commitment #1: This school is committed to ensuring that all students, especially our diverse learners, have the critical thinking and reasoning skills they need to excel at school and beyond.

Key Strategy 2: Tier II Interventions Practices	School Lead: Daniels, Administrative Intern
--	---

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
Our data for the past 3 years consistently shows slow growth moving our students to 50% or more proficient on DIBELS, NWEA, or NYS ELA. The team has identified the following possible root causes 1) we do not screen early or often enough, 2) we do not examine data effectively, and 3) targeted/individualized tier II interventions are not created and monitored.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
In 2023-2024, we attempted to implement structures and supports around tier II instruction, but data confirms our approach must be revised and adjusted to include more individualized instruction based on data.

Key Strategy 1: Effective PLC Implementation	School Lead: TBD (Administrative Intern)
---	--

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
Based on a district-wide assessment, *Professional Learning Communities (PLC)* were identified as a district priority. Therefore, all schools are expected to implement the PLC model.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
In 2023-24, Delaware was in the early stages of understanding the critical components of PLC. This year, teachers will utilize their morning team time to create PLC’s that align with the collaborative commitments.

Effective Unit Lesson Planning

School Lead:
H. Porcello

Using the school's needs assessment and considering root causes, why is the school selecting this strategy?
NWEA, Great Minds, & core fluency data shows slow progress towards proficiency with most Delaware students. Our team has identified the following root causes: 1) essential standards are not understood by teachers 2) essential standards are not being prioritized in instruction, 3) effective instructional practices are not being implemented.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.

Key Strategy 2: Effective Unit Lesson Planning	School Lead: H. Porcello
--	------------------------------------

Using the school's needs assessment and considering root causes, why is the school selecting this strategy?
 NWEA, Great Minds, & core fluency data shows slow progress towards proficiency with most Delaware students. Our team has identified the following root causes: 1) essential standards are not understood by teachers 2) essential standards are not being prioritized in instruction, 3) effective instructional practices are not being implemented.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
 This is a new strategy for Delaware Primary.

Key Strategy 1: Implementing Effective Attendance Team	School Lead: Daniels
--	--------------------------------

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
Based on historically high levels of chronic absenteeism at Delaware, our school needs to refine the protocols and practices of the attendance team to make them more effective. Additionally, our school wide data reveals the need for an impactful attendance team that monitors student absenteeism thoroughly and provides regular communication between staff, students, and family.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
Our current attendance teams did not have effective structures or protocols for monitoring attendance and coordinating efforts between parties. Through collaboration with district attendance coordinators, Delaware will follow the suggested plan for creating an effective attendance team by setting goals, establishing a shared vision, formulating a comprehensive team, and allocating adequate time for daily attendance check ins.

IMPLEMENTATION PLAN (AUGUST – OCTOBER)

Key Strategy 2: School-wide Daily Attendance taking protocol	School Lead: Admin Team (Daniels, lead)
--	---

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
Our school attendance data revealed several avoidable errors that impacted on our school’s overall attendance rating. These errors were due to a lack of efficient attendance taking protocols at the classroom level and a lack of effective follow-up at the school level.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
For the 2024-2025 school year, we will dedicate time at the start of the school year to explicitly train teachers on how to take attendance via school tool and how to reconcile attendance each day. Additionally, we will establish and share a clear and concise protocol for following up on students who are absent or are inaccurately tagged.

Key Strategy 1: Staff to Student Check-ins	School Lead: Faircloth
--	----------------------------------

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
According to the needs assessment, 50% of students feel as if they belong and are welcomed at the school. The staff and student check-ins can be a way to assist with building relationships, increase a greater sense of student belonging, increase student attendance for those chronically absent, while mitigating/reducing behavioral concerns. A few possible root causes can be students don't feel supported or welcomed by staff, we do not examine this data closely or effectively, there needs to be more opportunities for staff to welcome students throughout the school day.

Student Supports Commitment: This school is committed to aligning and maximizing resources to serve and impact each student’s needs.

Key Strategy 1: Staff to student Check in	School Lead: Faircloth
---	----------------------------------

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
According to the needs assessment, 50% of students feel as if they belong and are welcomed at the school. The staff and student check-ins can be a way to assist with building relationships, increase a greater sense of student belonging, increase student attendance for those chronically absent, while mitigating/reducing behavioral concerns. A few possible root causes can be students don't feel supported or welcomed by staff because they haven't built relationships with staff, we do not examine data closely or effectively resulting in students feeling a limited sense of belonging, there needs to be more opportunities for staff to welcome students throughout the school day.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.
This is a new strategy for Delaware Primary.

Key Strategy 2: Student Voice	School Lead: Faircloth
---	----------------------------------

Using the school’s needs assessment and considering root causes, why is the school selecting this strategy?
 Through our climate survey, we concluded that student voice was not evident within the school climate, culture and academics. We identified some possible root causes, 1.) we have not provided a diverse set of students with multiple opportunities to draw upon student voice within the school building, 2.) we need to prioritize sharing, analyzing and collecting information gathered from the climate survey more efficiently and effectively as to integrate more student voice 3.) Student voice is not included in academic decisions made within the school.

If this is not a new key strategy, provide 1-2 sentences on how the school will expand or refine the key strategy.

LEARNING AS A TEAM

Directions: After completing the previous sections, the team should complete the reflective prompt(s) below.

Student Interviews

Describe how the Student Interview process informed the team's plan.

The student interview process offered insight into our building's strengths and areas of growth. Roughly 60% of our students indicated that they felt a strong sense of belonging to the Delaware school community. We are committed to improving that percentage and developing a welcoming and affirming environment as indicated by the action steps in the SCEP, particularly around academic commitment #3 and #4. This feedback informed us of our strategy choices. For example, we selected improving student voice and staff/student check-ins, as we feel that these will help strengthen students' sense of belonging. Additionally, student interviews informed our decision to develop student voice surveys aligned to each commitment and administer them throughout the year to monitor progress.
