# High School Redesign Plan (HSRP) 2022-23

| District                      | School Name          | Principal     | Grades Served |
|-------------------------------|----------------------|---------------|---------------|
| Syracuse City School District | Corcoran High School | Daniel Straub | 9-12          |

## Guidance

### Template

Any part of our HSRP template can be collapsed or expanded by clicking on the triangle next to the blue headings. You may also move through the sections of the plan by accessing the Navigation Pane in Microsoft Word.

### High School Redesign Levers and Mindset Shifts

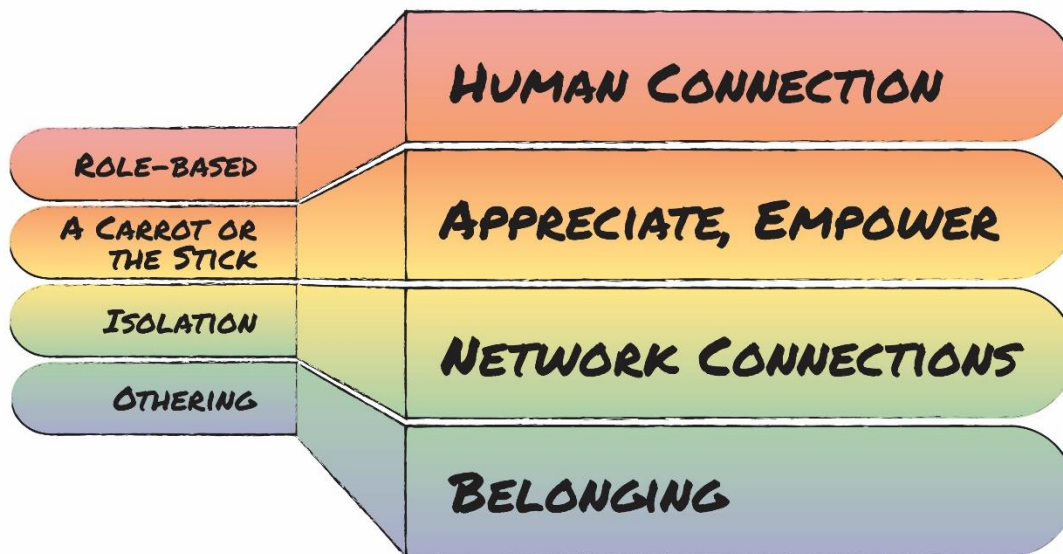

The HSRP outlines our school's priorities for the upcoming year and beyond. We will develop priorities based on the specific needs of our school. Additionally, our school may want to review the four levers of High School Redesign as we consider our priorities. Below are the mindset shifts, evidence-based practices, supporting structures, and influencing factors of the four levers for high school redesign, as well as relationship mindset shifts.

## Redesign Team Participation

### Redesign Team Participation

#### Background

The High School Redesign Plan must be developed in consultation with parents, school staff, and students.

#### Required Steps

There are three distinct steps involved with developing the HSRP:

1. Conducting the redesign empathy mapping and reviewing multiple sources of feedback to identify needs
2. Determining the Redesign Priorities based on these identified needs
3. Developing an action plan to address these Redesign Priorities

#### Meeting or Event Dates

Use the space below to identify the meeting dates when specific steps occurred by marking an “X” in the columns to the right. Add additional rows when necessary.

| Meeting or Event Date   | Step 1: Conducting the redesign empathy mapping and reviewing multiple sources of feedback to identify needs | Step 2: Determining the Redesign Priorities based on these identified needs | Step 3: Developing an action plan to address these Redesign Priorities |
|-------------------------|--|---|--|
| 3/10/22 (State)         | X  |   |  |
| 3/22/22 (Redesign Team) | X  |   |  |
| 3/30/22 (SLT)           | X  |   |  |
| 4/5/22 (Redesign Team)  | X  |   |  |
| 4/26/22 (Redesign Team) | X  | X   |  |
| 4/27/22 (SLT)           | X  | X   |  |
| 5/4/22 (Redesign Team)  |  | X   |  |
| 5/25/22 (SLT)           |  | X   |  |
| 6/2/22 (Redesign Team)  |  | X   |  |
| 6/15/22 (SLT)           |  | X   |  |
| 6/23/22 (Redesign Team) |  | X   | X  |
| 7/8/22 (Redesign Team)  |  | X   | X  |
| 7/12/22 (State)         |  |   | X  |
| 7/15/22 (Redesign Team) |  |   | X  |
| 7/20/22 (Redesign Team) |  |   | X  |
| 7/22/22 (Redesign Team) |  |   | X  |

## Redesign Team Page

### Redesign Team Page

The High School Redesign Plan must be developed in consultation with parents, school staff, and students. In the table below, list the individuals involved in the development of the HSRP, their relationship with the school, and the steps in which they participated. If, in addition to the core redesign team members, additional stakeholders were consulted to address specific portions of the redesign plan, their name and role should be included in order to help readers of this plan understand the full extent of stakeholder involvement. The steps should match the steps identified in the Meeting Date table completed previously. Add additional rows if necessary.

| Stakeholder Name                | Role                  | Steps Involved (mark an X for each step in which the individual participated)                                |   |  |
|---------------------------------|-----------------------|--|---|--|
|                                 |                       | Step 1: Conducting the redesign empathy mapping and reviewing multiple sources of feedback to identify needs | Step 2: Determining the Redesign Priorities based on these identified needs | Step 3: Developing an action plan to address these Redesign Priorities |

| TBD   | TBD                      |                          |

### High School Redesign Theory of Action Summary

School redesign teams are invited to develop a “Theory of Action” for each Redesign Priority identified. The full Redesign Plan should have 2 or 3 Redesign Priorities.

Each Theory of Action should be constructed as an “IF... THEN” statement. In the space below, provide the IF/THEN Statements for each identified priority in the Redesign Plan.

|                 | Priority   | If/Then Statement  |
|-----------------|--|--|
| 1<br>(required) | Student Engagement<br>(Students at the Center)           | If teachers participate in PLCs supported by coaches and Common Planning on alternating weeks, then collaborative work around MYP/IB initiatives, formative assessment, and PDSA cycles can determine student focus groups and increase student engagement.                        |
| 2<br>(required) | Core Content<br>(Organizing Adults)                      | If FLEX scheduling is used for a majority of our 9 <sup>th</sup> grade students, then it will ensure they are teamed and have more instructional time in core courses to complete collaborative in-depth and inquiry- based learning.  |
| 3               | IBO World School Initiative<br>(Post-Secondary Pathways) | If we foster vertical planning focusing on MYP, IB, and CP initiatives then student participation in the MYP Personal Project will increase, all students will take at least on IB course during their Junior and Senior year, and we will increase the number of IB certificates. |

## Redesign Priority #1

### Redesign Priority #1 (Required)

The Priority and Theory of Action should be copied and pasted from the Summary above.

| Priority   | Theory of Action (IF/THEN STATEMENT)   |
|--|--|
| <b>Student Engagement<br/>(Students at the Center)</b> | If teachers participate in PLCs supported by coaches and Common Planning on alternating weeks, then collaborative work around MYP/IB initiatives, formative assessment, and PDSA cycles can determine student focus groups for PL and increase student engagement. |

| What information learned from the empathy mapping process led the redesign team to believe that this is a priority?   |
|---|
| Teachers need more collaborative time to focus on best instructional practices. PLCs and CPT's are scheduled throughout the week for every teacher to allow for this time. Formative Assessments, MYP Unit Planners, IDU's, Data analysis and PDSA cycles are discussed and supported in these PLCs. An administrative walk-through tool that was created by SLT that address initiatives will be used to monitor the implementation and progress of building and district initiatives. |

**Measuring Transformation** *What will our school look to as evidence of this priority being transformative?*

| <b>Organizational Structures and Systems</b>  |  |
|---|--|
| What would transformation look like for Organizational Structures and Systems?  | When would we expect to see this take place? |
| PLCs will be created for all teachers and supported by Building Coaches   | September 2022                               |
| Common Planning Times will be created for all teachers  | September 2022                               |
| Instructional Office Hours – Common Planning Weeks  | September 2022 – June 2023                   |
| <b>Adult Practices and Behaviors</b>  |  |
| What would transformation look like for Adult Practices and Behaviors?  | When would we expect to see this take place? |
| Teachers will participate in PLCs and Common Planning Times   | September 2022 – June 2023                   |
| Teachers will complete PDSA cycles to ensure students receive targeted re-teaching opportunities.   | 3 Cycles: Fall, Winter, Spring               |
| Teachers will create lessons that purposefully integrate one-to-one devices for engaging student activities.  | September 2022 – June 2023                   |
| <b>Student Practices, Behaviors, and Experiences</b>  |  |
| What might changes in student experiences look like? What would learning look like? How are students active participants in their learning? How might multiple paths for competency demonstration be offered? | When would we expect to see this take place? |

## Redesign Priority #1

|   |  |
|---|--|
| Students will participate in re-teaching opportunities and PL activities that will meet their individual learning needs.  | September 2022 – June 2023                   |
| Student engagement will be evident through active participation in classroom activities, as monitored through walkthroughs at regular intervals.  | September 2022 – June 2023                   |
| Students will responsibly and purposefully use their one-to-one devices to enhance their learning experience through engaging activities and communication/collaboration with teachers and peers. | September 2022 – June 2023                   |
| <b>Outcomes</b>   |  |
| What are the desired outcomes?  | When would we expect to see this take place? |
| Increased number of students will show mastery of course materials.   | Assessed Quarterly                           |
| Students will consistently participate in re-teaching opportunities and Personalized Learning.  | September 2022 – June 2023                   |
| Students will be engaged in rigorous lessons using their one-to-one devices to enhance their educational experience.  | September 2022 – June 2023                   |

### **Taking Action:** *What actions will occur throughout the academic year?*

| <b>August Through January</b> |              |   |
|-------------------------------|--------------|---|
| <b>Start</b>                  | <b>End</b>   | <b>Action</b>   |
| 7/1/22                        | 9/1/22       | Teachers will have the opportunity to engage in PD for one-to-one devices |
| 8/15/22                       | 9/15/22      | Admin and Instructional Staff will create PLC/CPT schedule for teachers   |
| 9/1/22                        | 9/15/22      | Share PDSA Form   |
| 9/1/22                        | 1/31/23      | Teachers participate in scheduled PLCs with Instructional Team support    |
| 9/1/22                        | 1/31/23      | Teachers participate in Common Planning Time                              |
| 11/22/22                      | 11/22/22     | Students participate in Advisement Day                                    |
| Winter - TBD                  | Winter - TBD | Complete 1 <sup>st</sup> MYP Unit Planner                                 |
| Fall - TBD                    | Fall - TBD   | Complete 1 <sup>st</sup> NWEA assessment                                  |
| 9/22                          | 10/22        | Complete 1 <sup>st</sup> PDSA Cycle                                       |
| <b>January Through June</b>   |              |   |
| <b>Start</b>                  | <b>End</b>   | <b>Action</b>   |
| Spring - TBD                  | Spring - TBD | Complete 2 <sup>nd</sup> MYP Unit Planner                                 |
| 1/31/23                       | 6/15/23      | Participate in scheduled PLCs/CPT   |
| 1/31/23                       | 6/15/23      | Participate in MYP PD about Assessment, Approaching to Learning etc.      |
| 2/23                          | 2/23         | Complete 2 <sup>nd</sup> PDSA Cycle                                       |
| Winter- TBD                   | Winter- TBD  | Students participate in Advisement Day                                    |
| TBD                           | TBD          | Regents prep for identified students                                      |
| Winter- TBD                   | Winter- TBD  | Complete 2 <sup>nd</sup> NWEA assessment                                  |
| Spring-TBD                    | Spring- TBD  | Complete 3 <sup>rd</sup> NWEA assessment                                  |

## Redesign Priority #1

**Reflection:** What recent developments may influence the actions identified? Are there any possibilities or opportunities to consider?

Our students are receiving one-to-one devices for the first time in September. We will be supporting purposeful technology integration in all classrooms. In addition to supporting our data inquiry goals, IBO world school goals, we will also be including technology integration goals and support. This may include shifting PD to support new/unexpected challenges that arise with technology integration.

**Resource Allocation:** What shifts in how resources are being utilized at our school would need to happen in order to meet the needs of this priority? Consider space, events, schedule, funds, processes, roles, rituals, incentives, and communication. Sentence stem to consider: “The redesign team would be in favor of having less x in favor of more y.”

Tutoring, Regents Prep, Boot Camp, Credit Recovery, EDLP, Computers

## Redesign Priority #2 (Required)

The Priority and Theory of Action should be copied and pasted from the Summary above.

| Priority                                    | Theory of Action (IF/THEN STATEMENT)  |
|---|---|
| <b>Core Content<br/>(Organizing Adults)</b> | If FLEX scheduling is used for a majority of our 9 <sup>th</sup> grade students, then it will ensure they are teamed and have more instructional time in core courses to complete collaborative in-depth and inquiry- based learning. |

What information learned from the empathy mapping process led the redesign team to believe that this is a priority?

Both students and staff found teaming teachers to be beneficial for collaboration and collective support.

Students find extended time with core content teachers helpful for re-teaching (PDSA cycles) as well as inquiry-based learning and the MYP Personal Project (Year 5)

**Measuring Transformation** *What will our school look to as evidence of this priority being transformative?*

### Organizational Structures and Systems

|  |  |
|--|--|
| What would transformation look like for Organizational Structures and Systems?   | When would we expect to see this take place? |
| A majority of 9 <sup>th</sup> grade students are assigned a FLEX schedule.   | September 2022                               |
| Teachers are scheduled in teams.   | September 2022                               |
| Schedule created to allow for AVID push-in teacher, extended CORE course time, and appropriate/collaborative teacher preparation time. | September 2022                               |
| FLEX teacher meetings embedded within schedule – planning for academics and social emotional supports.                                 | September 2022                               |

Redesign Feature #5 Goal

| <b>Adult Practices and Behaviors</b>  |  |
|---|--|
| What would transformation look like for Adult Practices and Behaviors?  | When would we expect to see this take place? |
| Teamed teachers work collaboratively to communicate about individual students.  | September 2022 – June 2023                   |
| Collaboration between Core Content teacher and AVID teacher as evidenced by meeting minutes.  | September 2022 – June 2023                   |
| 10 <sup>th</sup> grade students will engage in MYP Personal Project with the support of an advisor.   | September 2022 – February 2023               |
| <b>Student Practices, Behaviors, and Experiences</b>  |  |
| What might changes in student experiences look like? What would learning look like? How are students active participants in their learning? How might multiple paths for competency demonstration be offered? | When would we expect to see this take place? |
| Students will participate in FLEX schedule with extended Core course time.  | September 2022 – June 2023                   |
| Students will get AVID supports through classes and teachers given feedback through walk-throughs.  | September 2022 – June 2023                   |
| Students will engage in the inquiry-based Personal Project.   | September 2022 – February 2023               |
| <b>Outcomes</b>   |  |
| What are the desired outcomes?  | When would we expect to see this take place? |
| Increased pass rates in Core classes. Monitored throughout the year.  | June 2023                                    |
| Increased pass rates on Regents Exams.  | January 2023 and June 2023                   |
| Increased number of students completing the MYP Personal Project. Monitored with monthly meeting with teachers (MYP Year 5 Lang and Lit teachers)   | February 2023                                |

**Taking Action:** *What actions will occur throughout the academic year?*

| <b>August Through January</b> |            |   |
|-------------------------------|------------|---|
| <b>Start</b>                  | <b>End</b> | <b>Action</b>   |
| 6/1/22                        | 9/1/22     | Completion of Master Schedule   |
| 7/1/22                        | 9/15/22    | Completion of Student Schedules   |
| 9/1/22                        | 6/15/23    | PLCs/CPTs/FLEX Meetings   |
| 9/1/22                        | 6/15/23    | Students participating in AVID time participate in a weekly academic reflection and get support in organization and studying to foster achievement in their academic goals. |
| 9/1/22                        | 1/31/23    | All 10 <sup>th</sup> Grade Students participate in the development of an MYP Personal Project   |
| <b>January Through June</b>   |            |   |

## Redesign Feature #5 Goal

| Start   | End     | Action  |
|---------|---------|---|
| 1/31/23 | 6/15/23 | PLCs/CPTs/FLEX Meetings   |
| 1/31/23 | 6/15/23 | Students participating in AVID time participate in a weekly academic reflection and get support in organization and studying to foster achievement in their academic goals. |
| 1/31/23 | 2/17/23 | All 10 <sup>th</sup> Grade Students participate in the development of an MYP Personal Project   |

**Reflection:** What recent developments may influence the actions identified? Are there any possibilities or opportunities to consider?

Our one-to-one devices will allow for new opportunities for student engagement during class time and FLEX time. Students can be supported in student ownership in their education during FLEX by checking grades, e-mailing teachers, completing assignments, and working on collaborative projects using their computers.

**Resource Allocation:** What shifts in how resources are being utilized at our school would need to happen in order to meet the needs of this priority? Consider space, events, schedule, funds, processes, roles, rituals, incentives, and communication. Sentence stem to consider: “The redesign team would be in favor of having less x in favor of more y.”

Computers

## Redesign Priority #3 (Optional)

The Priority and Theory of Action should be copied and pasted from the Summary above.

| Priority   | Theory of Action (IF/THEN STATEMENT)   |
|--|--|
| <b>IBO World School Initiative (Post-Secondary Pathways)</b> | If we foster vertical planning focusing on MYP, IB, and CP initiatives then student participation in the MYP Personal Project will increase, all students will take at least on IB course during their Junior and Senior year, and we will increase the number of IB certificates. |

What information learned from the empathy mapping process led the redesign team to believe that this is a priority?

As an approved IB World school, it was determined through staff and students that it should be prioritized that every student should be given the opportunity to engage in rigorous and inquiry-based curriculum that IB provides. The IBO World initiative will increase participation in the MYP Personal Project and Community Project. Every student will have access to IB rigorous coursework.

**Measuring Transformation** *What will our school look to as evidence of this priority being transformative?*

| Organizational Structures and Systems  |  |
|--|--|
| What would transformation look like for Organizational Structures and Systems? | When would we expect to see this take place? |

## Redesign Feature #5 Goal

|   |  |
|---|--|
| PLCs will be created for all teachers and supported by Building Coaches   | September 2022                               |
| Support within Language and Literature classes for MYP Personal Projects  | September 2022                               |
| Continued support and training for all IB Programmes  | September 2022- June 2023                    |
| <b>Adult Practices and Behaviors</b>  |  |
| What would transformation look like for Adult Practices and Behaviors?  | When would we expect to see this take place? |
| Teachers will use time during PLC to collaborate and create MYP Unit Planners, IDUs and continue inquiry-based learning with Building Coaches support   | September 2022 – June 2023                   |
| Teachers will collaborate and support MYP Personal Projects and Community Projects  | September 2022 – June 2023                   |
| Teachers will continue Professional Development for all IB initiatives  | September 2022 – June 2023                   |
| <b>Student Practices, Behaviors, and Experiences</b>  |  |
| What might changes in student experiences look like? What would learning look like? How are students active participants in their learning? How might multiple paths for competency demonstration be offered? | When would we expect to see this take place? |
| Increase the numbers of completed MYP Personal Projects and Community Projects  | February 2023 – June 2023                    |
| Increase community partnerships and service learning  | September 2022 – June 2023                   |
| Increase enrollment in IB DP rigorous courses and IB Certificates/Diplomas  | September 2022 – June 2023                   |
| <b>Outcomes</b>   |  |
| What are the desired outcomes?  | When would we expect to see this take place? |
| Increased numbers of students participating in the MYP Personal Project and Corcoran Community Project through scheduled monthly meetings with MYP Year 5 Lang and Lit teachers to assess progress            | February 2023 – June 2023                    |
| Increased number of students enrolled in the IB DP Programme and receiving IB certificates  | September 2022 – June 2023                   |
| Increase scores on NYS Regents Exams by assessing student levels throughout the year with NWEA results  | January 2023 and June 2023                   |

### **Taking Action:** *What actions will occur throughout the academic year?*

| <b>August Through January</b> |            |                                     |
|-------------------------------|------------|-------------------------------------|
| <b>Start</b>                  | <b>End</b> | <b>Action</b>                       |
| 6/1/22                        | 9/1/22     | Completion of Master Schedule       |
| 7/1/22                        | 9/15/23    | Completion of all student schedules |

Redesign Feature #5 Goal

|                             |            |   |
|-----------------------------|------------|---|
| 9/1/22                      | 1/31/23    | PLC/CPT Meetings  |
| 9/1/22                      | 1/31/23    | IB Professional Development   |
| 9/1/22                      | 2/17/23    | 10th grade students participate in the MYP Personal Project                                 |
| 9/1/22                      | 6/15/23    | School wide participation in Community Project and collaborate with Active Citizen Students |
| Fall-TBD                    | Fall- TBD  | MYP Interdisciplinary Unit Planner #1   |
| Winter-TBD                  | Winter-TBD | MYP Unit Planner #1   |
| <b>January Through June</b> |            |   |
| <b>Start</b>                | <b>End</b> | <b>Action</b>   |
| 1/31/23                     | 6/15/23    | PLC/CPT Meetings  |
| 1/31/23                     | 6/15/23    | IB Professional Development   |
| 1/31/23                     | 2/17/23    | Completion of the MYP Personal Project  |
| 1/31/23                     | 6/15/23    | Completion of the MYP Community Project   |
| Spring-TBD                  | Spring-TBD | MYP Unit Planner #2   |

**Reflection:** What recent developments may influence the actions identified? Are there any possibilities or opportunities to consider?

One-to-one devices will support the exploration and completion of the MYP Personal Project.

**Resource Allocation:** What shifts in how resources are being utilized at our school would need to happen in order to meet the needs of this priority? Consider space, events, schedule, funds, processes, roles, rituals, incentives, and communication. Sentence stem to consider: "The redesign team would be in favor of having less x in favor of more y."

Computers, Personal Project Supplies

## Long-Term Planning

### Long-Term Planning

| If our school achieves success with our identified High School Redesign Priorities in 2022-23, how might we build upon our successes in subsequent years? |         |
|---|---------|
| 2023-24   | 2024-25 |
| Continue the use of PLCs for collaboration and professional development.  |         |
| Expand the IBO initiative to include the CTE Pathways.  |         |
|   |         |
|   |         |

## Evidence-Based Intervention

Each High School Redesign school must implement at least one evidence-based intervention as part of its HSRP. The intervention identified must meet the criteria of a Tier 1, Tier 2, or Tier 3 evidence-based intervention under ESSA. More information can be found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

Schools may choose **one of three options** for identifying their evidence-based intervention:

**Option 1:** Selecting a strategy from the **State-Supported Evidence Based Strategies** located at: <http://www.nysed.gov/accountability/state-supported-evidence-based-strategies>

**Option 2:** Selecting an evidence-based intervention **identified in one of three clearinghouses:** What Works Clearinghouse, Social Programs That Work, or Blueprints for Healthy Youth Development

**Option 3:** Reviewing research to identify its own evidence-based intervention that meets the criteria for ESSA evidence-based intervention Tier 1, Tier 2, or Tier 3 found at: <http://www.nysed.gov/accountability/evidence-based-interventions>

**Directions:** Place an "X" in the box next to the path our school has chosen for identifying its evidence-based intervention and follow the corresponding directions for that path.

**State-Supported Evidence Based Strategy**

If "X" is marked above, provide responses to the prompts below to identify the strategy and the goal(s) it will support:

|   |  |
|---|--|
| <b>Strategy Identified</b>                                    | Professional Learning Communities      |
| <b>HSRP Priority or Priorities this strategy will support</b> | Priority 1, Priority 2, and Priority 3 |

## Next Steps

### Next Steps

#### Sharing the Plan:

As you develop your plan, please feel free to share the plan with Laura Tedesco, the High School Redesign Program Liaison at NYSED, for input when it would be helpful. When the redesign team is satisfied with the plan, please contact Laura at [laura.tedesco@nysed.gov](mailto:laura.tedesco@nysed.gov) and indicate that the school is ready to share its full plan for approval. Please share your plan by August 1, 2022.

#### Implementing the Plan:

- Ensure that the plan is implemented no later than the first day of school
- Monitor implementation closely and make adjustments as needed
- Ensure that there is professional development provided to support the strategic efforts described within this plan.
- Work with the district in developing the 1003 Title I School Improvement Grant application designed to support the implementation of the activities identified in the school and district plan.
