relief, or pleasant contrast

Therapeutic Environment

Small class sizes

Class sizes are small— up to 10 students with each teacher.

Hands on learning

Our approach is interdisciplinary, project based learning to increase engagement and give meaningful context to what students are learning.

Learning plan just for your student

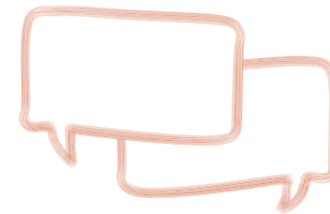

Each student has an individual learning plan to ensure they are getting exactly what they need to be successful both academically and socially.

Support & Mental Health

For students & families

Oasis provides a therapeutic environment with mental health services and supports to wrap around students *and their families*.

Making sure that *families* receive the support they need is a critical component at Oasis. Supporting our families with intention will support our students.

Thrive in a new environment with the supports you need to succeed!

Is Oasis Academy for your student?
A student who may be a good candidate may:

- » be at risk for low academic performance
- » be at risk for social isolation
- » prefer or learn best from hands on, project based learning
- » exhibit strong interpersonal or leadership skills
- » be disengaged from their peers and school
